FYI - We did not add any reaches of the Santa Cruz to Arizona's 2010 303(d) List of impaired waters. So the table in the enclosure + Arizona's list (attached) is the final 303(d) list.

Mr. Fulton,

Attached is the transmittal letter and enclosure document describing the final list of water bodies that EPA is adding to Arizona's 2010 Section 303(d) List. A signed hardcopy of the letter and enclosure is in the mail.

If you have any questions on EPA's final listing decision, please contact Jane Diamond at (415) 972-3275, or refer staff to Karin Graves (415) 972-3153.

Thanks,
